BUSINESS MEN HOLD ENTHUSIASTIC MEETING

ANS BEING WORKED OUT FOR ORGANIZATION THAT WILL REPRESENT THE TOWN AND MOST FOR GROWTH AND NEED IMPROVEMENTS.

Business men to the number of about one met Friday evening at 7:30 p. m. in a meeting and discussed the advisability of organizing a Business Men's Association in Lehi. A very decided spirit in favor of such an organization was manifested by the big attendance and later expressions of many of the present. As a result of the meeting a live boosting association should result which in years will have much to do with the growth and advancement of the town.

The need of some organization to after things of a public nature were felt for some time and on the part of J. B. Watson the business men that could be reached on Saturday and Friday morning were called and responded to nearly the same mark. Promptly at 6:30 p. m. a representative business gathering at the Lehi Bakery for a fine dinner was partaken of, after the meal the party adjourned to the Old Folks reception in the City joint building for a general discussion was entered into.

The meeting was opened with J. B. Watson explaining the call and the need of some local organization to Lehi and go after things needed. Mr. Watson was then chosen temporary chairman and Frank Galt temporary secretary.

Joseph S. Broadbent was the first to express himself. He was in favor of an organization of business men, stating that he felt a good for the town in general could be derived from some such action. In conclusion he professed the use of the rooms in the building for meeting of the association.

F. D. Worlton was called upon to explain the meeting of the Lehi Association, of four members, with headquarters at Salt Lake City, on the part of the new steel plant. He stated that they were told that the plan of the plant was a matter of confidential conditions and that as a result was the meeting point of steel and iron ore routes that that the logical location and had been decided upon. Dr. Worlton also expressed his views on organization of a local club. He suggested that a "Never mention our draw" be adopted by the association. This met with the hearty approval of all present.

Others present including R. J. Lott, E. L. Chipman, M. S. Lott, Mahan, J. E. Racker, Dr. H. D. Hansen and E. B. Jones spoke on the subject and suggested that we take action to effect such an organization. Members favored joining a local organization such as the Lehi Club, while others favored a local independent organization.

A motion carried electing a committee consisting of J. B. Watson, E. B. Jones and E. L. Chipman to investigate the workings of and other necessary qualifications to get into the Kiwanis Club.

Dr. Christensen was asked to prepare a ten minute talk for the next meeting on Dentistry. He consented to do so.

Adjournment was taken until next Friday at 6:30 when all will meet for supper at the Darling hotel.

CHARLES TURNER AWARDED \$1300 FOR DEATH OF SON

Charles A. Turner was awarded damages against James Papakostas in the sum of \$1300 Monday by a jury in the Third District Court of Provo. Suit was brought for \$16,000 as the result of the killing of Joseph Turner, 11 year old son of Mr. and Mrs. Turner, May 17, 1921, near their home on the state highway. It was alleged that Papakostas was driving at an excessive rate of speed.

It will be remembered that the lad was killed near the College home while driving stock along the street. The car was not stopped and the driver reached Murray before he was arrested. The lad was killed almost instantly.

LEHI EASY WINNER OVER PLEASANT GROVE

ALPINE LEAGUE FINISHES

Pleasant Grove	4	4	.500
Wasatch High	3	5	.425
Lincoln	0	8	.000

The Lehi high school basketball team finished the league schedule Friday with a decided victory over Pleasant Grove at that place. The final score was 38 to 25.

Lehi opened up with a burst of speed and kept up a pace that was too fast for the Pleasant Grove team. Roberts, Turner and Smuin were high scorers for Lehi and Richards for the home team.

This victory gave Lehi the undisputed title to participate in the State tournament this week as the second team of the Alpine division. They met the champions of Boxelder last evening and won by a score of 41 to 33.

MR. AND MRS. FRED MERRILL CELEBRATE SILVER WEDDING

A most delightful party was given Saturday evening at the Second Ward Amusement hall by Mr. and Mrs. Fred Merrill in honor of their twenty-fifth wedding anniversary. One hundred guests enjoyed the evening.

The affair commenced at 8 p. m. with dancing which continued until about 10 o'clock. At this hour a short program was rendered consisting of talks by Mr. and Mrs. Merrill and solos by Mrs. T. F. Kirkham and LeRoy Davis with Mrs. F. D. Worlton playing the accompaniment. Dancing was resumed after the program and continued until midnight. The Carter Orchestra furnished the dance music. All through the evening a refreshment booth was maintained where punch, cake and salad and mounds were served.

The hall was beautifully decorated and lighted candles were arranged about the room. A large number of nice gifts were received by Mr. and Mrs. Merrill.

GEORGE HAMMER DIED MONDAY

George Hammer, former livery barn owner and well known character of this section, passed away at the local hospital Monday at 8 p. m. from liver and gall troubles. He has been ill for about six months but was able to get around until the last few weeks.

Funeral services will be held today (Thursday) at 2 p. m. at the home of Mrs. Aldura Ashton. The body will lay in state at the home from 12 to 2 p. m. and can be viewed by friends.

George Hammer was the son of Hans Hammer and was born June 23, 1857. He has spent most of his life since young manhood in Lehi, engaging in the livery business with his father and later taking up the business with his half brother, Joseph. He is survived by two sisters, Mrs. Edward Cox and Mrs. Aldura Ashton.

SHIPPING THOUSAND BARRELS OF FLOUR

An order for a thousand barrels of flour, or three car loads, was received this week by the Lehi Roller Mills from a firm in Los Angeles, California. The order called for half Turkey Red brand and half Peacock brand, the two popular grades of flour put out by the local milling company.

This order is one of the largest the local mill has received and is the first to come from the coast. It should be the means of opening up a new field and will ultimately open up a new market for Lehi wheat and flour. The order will necessitate running night shifts at the mill for a short time.

MOTHER DIES

George G. Robinson received word Friday that his mother, Mrs. G. M. D. Robinson, aged 80, had died that day at her home in Wilmington, Delaware.

WILL HEAR GOVERNMENT MEN ON DRAINAGE

Mayor Broadbent, Pres. A. J. Evans and H. G. Webb, president of the Lehi Irrigation Company have been invited to hear two government drainage experts who will talk at Provo Friday. They are planning on attending the meeting which is for the purpose of interesting the government in drainage in Utah County.

Letter Box Novelist's Invention.

The letter box was invented by Anthony Trollope, the novelist, who was a surveyor of the post office in England from 1841 to his retirement from the service in 1867.

When a Woman's Mean.

"The meanest woman in England," testified a woman complainant, is a former friend who secretly photographed her while she was wearing a new gown of original design and then had a copy made.

Remarkable.

"It is simply rotten. The people here treat us as if they knew we were not accustomed to much money—and yet I am always talking about money." —Meggendorfer Bluetter (Munich).

BASEBALL MEETING CALLED FOR MONDAY

The baseball fans and players are called together for a meeting Monday, March 6th in the City joint building for the purpose of choosing a manager and board of directors for the coming season. Lehi needs a live baseball club and a winning team, this year. A representative board and a live manager is the first thing to secure. The presence of every fan and loyal citizen at this meeting will get the results.

Other towns in the county are already organized and planning big things. We cannot, nor will not, be behind in the popular movement. It's up to every one of us to get behind the team and start things out right.

LETS GO.

INTEREST SHOWN IN FACULTY. ATHLETIC CLUB GAME & DANCE

The dance and basketball game between the Faculty and Athletic Club to be given Friday, March 10th, in the Smuin Academy for the benefit of the Lehi baseball club is causing considerable comment among the sport enthusiasts of the town. It is figured that the game will be a riot of fun and the big dance following will prove to be one of those good old benefit parties where everyone gets in.

The teams are both polishing up the rough corners and trying to get into shape for the contest. The Carter orchestra has been secured to play for the dance.

Advertising matter and tickets will be out this week when the drive for a record crowd will be made. Everyone should get back of the movement and let's get the baseball spirit to going early and have a winning team this season.

PLANS MATURING FOR BIG RELIEF SOCIETY DANCE

The committee in charge of the annual St. Patrick's Relief Society dance to be held at the Smuin Academy, Friday, March 17th have their plans about worked out for the big event. The Carter orchestra has been engaged and the committees are now arranging for refreshments for the evening. Tickets have been printed and will be on sale this week.

An exceptional crowd is expected to attend as the affair has become one of the big socials of the year for the married people of the town. The fact that a good time is assured at such parties draws one of the biggest dancing crowds of the season each year.

SPECIAL FARM BUREAU MEETING

Attorney Frank Evans and E. T. Catner, Secretary of State Farm Bureau Tax Committee will give a lecture on taxation at the High School Auditorium, Friday, March 3rd, commencing at 7:30.

The Ladies Farm Bureau will furnish the musical program.

SERVICE STAR LEGION MEETING POSTPONED

The regular March meeting of the Lehi Service Star Legion will be held on Friday, March 3rd, commencing at 2:30 p. m. instead of today as announced by the organization last week. They will convene in the Fifth Ward meeting house. Every member is urged to be present and bring with them a needle, thimble and "specks."

Across France by Boat.

It is quite possible to take a small vessel from Havre to Marseilles, right through the middle of France. Such a trip was made not long ago. At one place on one of the canals the ship passes over a kind of viaduct and from the deck, a stream may be seen running beneath. At another spot a tunnel through the rock has to be negotiated. The tunnel is about the size of a railroad tunnel, and the boat is pulled through by an electric tractor.

Seals Counted Like Sheep.

The only herd of wild animals in the world of which a yearly census is taken are the fur seals of the Pribiloff islands, in the Bering sea. Once they numbered between five and six million, but they were slaughtered so ruthlessly for their skins that by 1908 there were less than a hundred thousand on the islands. Now they are protected by international agreement, and the herd is mustered and counted every year just like a flock of sheep.

EQUAL ASSESSMENT FOR HIGHLAND WATER USERS

The Lehi Board of Directors of the Lehi Irrigation Company and the water users of Highland failed to get together on the question of assessment of stock at a meeting in Highland Saturday, called for that purpose. The matter was discussed and finally shifted to the question of the weir assessment which it was claimed had not been paid by them. The meeting adjourned after it was decided to have the books audited to determine if the latter assessment had been paid by the bench water users.

The controversy between the Lehi and bench farmers has been one that sprang up early in the eighties. The bench farmers have been paying only one-third as much labor maintenance tax as the Lehi district farmers and yet it is claimed they receive the same privileges. The Lehi farmers contend that the others should bear their proportion of the expenses and it is likely a court decision will be necessary before the matter is finally settled.

The Highland farmers came into the company in March of 1886 following five or six years of controversy which was finally decided by the High Council of the Latterday Saints church. The combination was affected and the assessment proportion fixed by a motion in part saying, "And after the year 1886 Alpine and American Fork bench be only required to

work one-third as much per acre as those owning lands below, to keep main ditch in repair."

This agreement fixed the labor part at one-third for these farmers and the same proportion of cash. In late years the secondary water of which the bench portion was made up was all changed to primary water and a cash tax only is now levied. Any labor is paid for at a fixed price. It is therefore contended that the bench people are now on the same basis as the Lehi farmers in stock and should bear the same assessment as their shares were reduced one-fifth in the change from secondary to primary. However the bench fellows see things otherwise and the difference seems to be widening rather than diminishing and some future court decision is likely to be necessary before a satisfactory settlement can be obtained.

ATHENIAN CLUB ENTERTAINS

The Athenian Club gave a dancing party Thursday evening at the Old Folks rooms in the new city building in honor of Mr. and Mrs. David Hodge and Dr. and Mrs. Karl J. Beck who are moving away. The former are going to Spanish Fork and the latter have moved to Provo.

A very large crowd were present and enjoyed a very delightful evening of dancing.
